

Compost under vine spreads benefits

Compost has now been spread for two consecutive years at our 3 trial sites. Some amazing benefits have been observed and measured!

Come along and hear what we are finding! Joe Vaughan from 100Hunts Vineyard will showcase how the use of compost under vine over the last 2 years has benefited his vineyard.

When & Where:

Friday 6th May 2016

FARM WALK

10am-11am- 100Hunts Vineyard, 100 Hunts Rd, Tuerong (park in the signposted paddock)

Please note Minister for the Environment Greg Hunt MP will be attending the farm walk

PRESENTATION

11:30am-1:30pm- Dromana Estate
555 Old Moorooduc Rd, Tuerong
(5 minutes from Hunts Rd)

Speakers include:

Declan McDonald

Declan has spent many years conducting compost trials and has a wealth of analytical knowledge on its use and benefits. Declan will present his interpretation of the results from these trials to date.

Federal Minister for the Environment Greg Hunt MP will be attending to hear more about how the trials funded through the National Landcare Programme, are providing real data and results with the number of vineyards on the Peninsula using compost mulch rising by over 50% in the last 12 months.

Morning tea (100Hunts) and lunch (Dromana Estate)
